Educational programs are a critical way that we engage and foster art appreciation with the youth in our community. Partnerships with local schools, 4-H clubs, scout groups, art clubs, the Hruska library and the Butler County Arts Council serve hundreds of students and patrons each year.

We want to thank members who postmark their membership dues by December 31 by sending you a magnet with one of the year’s most popular images, Inspección de Chile by Jeri Desrochers, now in the permanent collection.

While daily admission is free, there are great benefits to your tax-deductible gift that enable us to achieve our mission. If you are a current or past member, please consider increasing your membership level.

We look forward to seeing you.

Planning for the Future

Bone Creek is outgrowing its space. We hope to attain the financial and physical resources for larger space for the collection as well as for exhibitions and gatherings. The board of directors is laying the groundwork for a capital campaign. There are many things we can do now to help ensure a solid future. Memorials and planned gifts are great ways to grow our endowment and help secure Bone Creek for generations to come.

Join the nation’s only exclusively agrarian art museum and Dale Nichols research center to support our mission of connecting people to the land through art!

A Leader in Arts & Education

Obviously, we love art and sharing the talent of wonderful agrarian artists. Bone Creek has a commitment to continue providing a high-quality fine art experience that is unique among museums. Bone Creek leadership also has a passion for instilling in youth a love and appreciation for agriculture and the rural way of life. We will continue the work that calls attention to the shaping of our national value with regard to the land.
